Thank you for the time you devote, the resources you give and the passion you share with United Way. Together, with your fellow community members listed in this booklet, your actions are changing lives.

**We are all connected.** These connections are the threads that make up the tight-knit fabric of a thriving community. Together, you gave more than 34,000 hours to United Way and our community in 2018. Even more, you gave your thought leadership and heart so that all can thrive.

**Thank you for your part in making Dane County the best place to live for all.**
