Where you see change you’ll see us.
For 100 years, United Way of Dane County has mobilized the caring power of our community to create lasting change for multiple generations.

With a mission to unite the community to achieve measurable results that change lives, we are committed to being a catalyst for inclusion and systemic change – working collaboratively with local nonprofits, businesses, community leaders, donors, volunteers and families to solve big-picture issues no one person or organization can address alone.

When you give to United Way, you’re investing in families as they work to access the building blocks of well-being: a quality education, family-supporting jobs and health supports. And you’re helping to build a coordinated nonprofit ecosystem and a better community for all. Because when more people have the support they need to succeed, our entire community is better positioned to thrive.

At United Way of Dane County, we support 112 local programs and 52 local agencies that work to address the greatest needs in education, income, health and 2gen (multigenerational approach). Another 850 nonprofits are supported through donor choice.

Of local individuals and families who participated in 2021 programming:

- **2Gen**: 89% saw improved parent-child interaction and/or parenting knowledge (2,043 families with children aged 0-5).
- **Education**: 100% graduated high school in Dane County (198 students).
- **Income**: 83% maintained housing and avoided eviction (2,051 individuals).
- **Health**: 88% saw improved health outcomes in maternal-child health programs (835 individuals).

This is just some of the impact donors like you make possible. For **every dollar** donated through United Way, the return is **more than six times in total community impact**. When your donated dollar goes through United Way, the army of United Way volunteers are enabled to find six more dollars through a network of caring connection.
