

Need help paying for your health insurance?

HealthConnect can help.

Make too much to qualify for BadgerCare but not enough to afford your health insurance? This program may help.

At United Way, we believe cost should not prevent you from getting the health care you deserve – so we're here to help you pay for health insurance through our HealthConnect Premium Assistance Program. Made possible by generous donations from UW Health and Quartz, HealthConnect can pay the balance of eligible participants' monthly health insurance premiums not covered by the Premium Tax Credit available through the Marketplace (Healthcare.gov).
