A MESSAGE TO OUR DANE COUNTY NEIGHBORS

As we reflect on the past year, we're so proud of what we've been able to accomplish together. Thanks to your commitment and generosity, United Way of Dane County supported more than 82,300 neighbors.

Together, we helped more young people realize their full potential, we supported families working to build financial stability and we empowered more people to improve their health and well-being.

Your unyielding care and generosity empowered us to make measurable impact and we're so grateful.

2024 was a year of challenges. Post-pandemic, many families struggled to meet their basic needs as they worked to achieve financial security. Many youth had difficulty keeping up in school and struggled to find a sense of belonging. And, at the end of the year, our community faced a heartbreaking tragedy – the shooting at Abundant Life Christian School. But, even through the challenges, we endured. Your support made a powerful difference.

But there is more to be done. Our Board was eager to address declining participation trends in giving and created a new volunteer Revenue Committee to help. That work reaffirms our unique ability to see the big picture, mobilize the most critical resources and ensure accountability for results – all while building community leadership.

United Way of Dane County is the place to make the greatest possible difference for our neighbors. When you look at what makes United Way really work, it goes beyond the numbers – it's the collective spirit of caring to solve whole problems, ensure dollars are well-spent and to make life-changing impact.

As you review this 2024 Community Impact Report, we hope you feel as proud as we do of what we've achieved together. So much so that you feel inspired to continue being a part of the change – and that you'll continue to invite others in your networks to **be one of the ones to make a difference.**

Together, we inspire the power of one person willing to positively impact the life of another. That's The Power of Caring. Working for All. We're so proud to be a part of this incredible community. Thank you.

ONE OF THE ONES
TO MAKE A DIFFERENCE.”**

SPOTLIGHT: ABUNDANT LIFE CHRISTIAN SCHOOL EMERGENCY AND RECOVERY FUND

On December 16, 2024, the year ended with our community facing a great tragedy – the tragic shooting at Abundant Life Christian School (ALCS) that claimed the lives of three, physically injured six and disrupted the mental health of all affected. On that terrible day, United Way was called upon to help.

United Way quickly set up the official ALCS Emergency and Recovery Fund, leveraged 211’s emergency management and coordination abilities, unified many offers of help to support ALCS and supported the City of Madison and ALCS staff in a coordinated and effective response. This example of our work demonstrated our capabilities in our Community Resiliency impact area – understanding the most urgent community needs, rallying the most effective resources and deploying them in ways that multiply impact and get results. It also showed United Way’s ability to mobilize our community’s caring power and prevented “scam” funds that erode trust in nonprofits and giving.

We’re so proud to be a part of this incredible community. Thank you for being one of the ones to make a difference.

100% of dollars raised went directly to ALCS to support their three priorities: to come along side any financial needs of the families who lost loved ones, to support the medical expenses of those injured and to use the remaining funds to provide for the mental health needs of the ALCS community.

WE RAISED \$609,650 THANKS TO 1,752 DONORS

We are empowered to coordinate emergency response and recovery work thanks to the generous support of the annual Community Fundraising Campaign. Thank you for helping us make our community stronger in times of need!

UNITED WAY CAMPAIGN – BECAUSE OF YOU, WE’RE CHANGING LIVES IN DANE COUNTY

2024 COMMUNITY CAMPAIGN RESULTS

Thanks to more than 13,000 individuals, 600 volunteers and nearly 500 businesses across Dane County, our community was able to raise \$17.3 million during the 2024 Community Fundraising Campaign.

In 2024, we activated our Plan for Community Well-Being – a plan built with our community, for our community. This vision for a brighter future focuses on increasing individual and family well-being so that everyone in Dane County can lead healthy, successful and secure lives, better positioning our entire community to thrive. At United Way of Dane County, we’re proud to be the unifying force that brings each one of us together – our local nonprofits, businesses, community leaders, families, donors and volunteers – to address big-picture issues no one can solve alone. Thank you for being a part of this important work!

“I’m so grateful to have had the chance to lead this campaign, and thankful to every individual and organization who trusted us with their generosity this year. Because of you, we can create greater impact in Dane County.”

- LARRY BARTON

AMPLIFYING COMMUNITY IMPACT THROUGH PARTNERS IN GIVING

Since its inception in 1973 as the State Employees Combined Campaign, Partners in Giving has raised \$89 million for charitable causes. In 2024, the Partners in Giving Campaign raised nearly \$2 million from more than 3,500 State of Wisconsin, UW-Madison, UW-Milwaukee and UW Health employees.

United Way of Dane County is honored to partner with 11 federated organizations to join nearly 500 individual charities in one workplace giving campaign for our public sector donors.

PLAN FOR COMMUNITY WELL-BEING

PLAN FOR COMMUNITY WELL-BEING

United Way of Dane County mobilizes the caring power of our community so all can thrive. For over 100 years, we've partnered with hundreds of local nonprofits, businesses, community leaders, donors and volunteers to create solutions that address the most complex challenges that no single person or organization can solve alone.

Our mission, to unite the community to achieve measurable results that change lives, is rooted in innovation and action. By bringing together diverse partners, we deliver forward-thinking solutions and results that improve lives — from advancing health and education to strengthening livelihoods and local resilience — we connect people to possibility.

Our Plan for Community Well-Being is driven by three approaches — **it is multigenerational, holistic and supports family needs** while understanding the systemic root causes and working to address those institutional and structural causes.

We invest in programs aligned to strategies that have the highest opportunities for meaningful and measurable impact within the areas of **Youth Opportunity, Financial Security, Healthy Community and Community Resiliency.**

When you look at what makes United Way of Dane County really work, it goes beyond the numbers — it's the collective spirit of caring to solve whole problems. Every dollar donated to United Way is a powerful catalyst — multiplying six times over to create lasting, meaningful change, right here in Dane County.

YOUTH OPPORTUNITY: HELPING YOUNG PEOPLE REALIZE THEIR FULL POTENTIAL

Every young person deserves the opportunity to thrive. At United Way, we help children get off to a good start and empower youth to reach their full potential by breaking down barriers to success. We advance early childhood education, literacy development, math and critical thinking skills, college and career readiness and family engagement – fostering a future where every young person can realize their dreams.

WHY IT MATTERS

Children who start kindergarten-ready and finish high school are more likely to have the skills required to be successful in post-secondary education, an increasingly complicated job market and society. Adults with higher education levels are more likely to gain employment with family-sustaining wages.

UNITED WAY'S ROLE

We're investing in strategies and programs that help support quality childcare and early childhood development – creating connections with families and young children – because we know that parents are our children's first teachers.

We also support and lead programs that help prepare youth for the classroom and life beyond, through tutoring, mentoring and social-emotional learning (like empathy and confidence).

MEASURES

- Increase percent of third graders in Dane County reading proficiently at or above grade level.
- Increase percent of Dane County students who graduate high school.

PLAN FOR COMMUNITY WELL-BEING

FINANCIAL SECURITY: BUILDING FINANCIAL STABILITY AND STRENGTH

At United Way, we believe that everyone should have the opportunity to live in an affordable, safe, stable home and for homeownership to be an achievable goal for every family. Our **Family Homelessness** and **Affordable Housing** strategies ensure that families can maintain housing and avoid evictions as they work toward financial security. Our **Job Readiness** and **Workforce Development** strategies help underemployed individuals gain full-time employment at \$18/hour with benefits in order to achieve financial security.

WHY IT MATTERS

When more individuals have jobs earning family-sustaining wages and safe and affordable housing, they are less stressed and more able to provide for themselves and their families – better positioning our entire community and our economy to thrive.

UNITED WAY'S ROLE

We're investing in strategies and local programs that help more families get what they need to become economically stable. Through partnerships, we connect participants with the resources to earn a diploma and/or go through industry-specific training and match with employers who support paying family-sustaining wages.

We also invest in effective family homelessness reduction strategies including food access and case management, and much needed housing inventory.

MEASURES

- Decrease in number of children under five experiencing poverty in Dane County.
- Increase in people living 200% above poverty level in Dane County.

101 INDIVIDUALS

HEALTHY COMMUNITY: IMPROVING HEALTH AND WELL-BEING FOR ALL

United Way works closely with community members to help people overcome barriers to healthy living by working to reduce racial health disparities and increase resiliency and trauma supports – ensuring everyone has the opportunity to live their healthiest life. We also increase access to quality health care, through the HealthConnect Premium Assistance Program.

WHY IT MATTERS

While Dane County remains a top place to live, raise a family and retire, for many neighbors, education, income and health inequities and disparities remain consistent. In Dane County, your race and the ZIP code in which you live have a significant impact on your quality of life, life expectancy and health outcomes.

UNITED WAY'S ROLE

We're investing in strategies and programs that aim to reduce health disparities, such as health insurance premium assistance and support from community health workers and doulas. We use community-based approaches and increase the diversity of the health care workforce to improve health outcomes for Dane County community members.

MEASURE

- Increase life expectancy in Dane County. A good measure of the population's longevity and general health.

COMMUNITY RESILIENCY: ADDRESSING URGENT NEEDS TODAY AND ADVANCING A BETTER TOMORROW

Every community deserves the opportunity to prosper. Through initiatives in crisis response, such as 211 (24/7 access to resources and service coordination), volunteer activation, nonprofit capacity building and disaster response, we are strengthening the foundation of Dane County and working to build a resilient community ready for any challenge.

WHY IT MATTERS

When in crisis, it is challenging to know where to go for help. And, with so many opportunities to help, it is hard to know where to make the most impact. United Way understands the big picture and can mobilize resources that make a difference through 211, our Volunteer Center and work as a convener and social impact leader.

UNITED WAY'S ROLE

Through our experience innovating to meet community needs, and relationships with hundreds of local nonprofits, businesses, community leaders and you, we're uniquely positioned to bring our community together to understand problems, co-create solutions and manage accountability for results.

MEASURES

- Increase number of referrals to quality, curated community resources in 211 database.
- Increase number of volunteers mobilized through United Way's Volunteer Center.

CHAMPIONING CHANGE THROUGH VOLUNTEERISM

At United Way, we know that building community well-being is a team project. That's why we're constantly working to engage community members and local businesses in volunteerism – mobilizing the caring power of our community to create lasting, generational change. By offering several ways to get involved in the workplace and in our community, we're empowering more people to make a difference.

HOLIDAY VOLUNTEERING: TOYS FOR TOTS

This year marked our fourth year partnering with the U.S. Marines through their Toys for Tots program. In an effort to better serve the families that are most in need, we've implemented a new toy distribution process. Through these efforts, 14,090 children received gifts with the help of more than 1,000 Toys for Tots volunteers.

“Boardwalk reconnected my mind, body and spirit back to my community. It helped shape a new philanthropic thinking pattern. It unlocked my voice and fed the ‘seed of service’ that is planted in my heart. I am forever grateful.”

- Brandon,
Spring 2024
Boardwalk Academy Participant

ENGAGING OUR COMMUNITY'S VOICE

United Way brings together diverse stakeholders to address Dane County's toughest issues. By helping the community define and understand the scale of these issues and work collaboratively to best identify needs and gaps, we achieve real change.

Boardwalk Academy builds the capacity of our community by developing and preparing Lived-Experience Experts – adults who have successfully navigated poverty-related lived experiences – for leadership positions in our community. Offered twice annually, this 9-week development series strengthens the interpersonal and professional communication skills of non-traditional community leaders, whose critical voices and perspectives are often absent from decision-making tables. In 2024, 17 participants completed this program.

Beyond Boardwalk Academy offers continued personal and professional development opportunities to Boardwalk Alumni. Through our annual, in-person event, leaders of local United Way partner organizations can meet, genuinely engage with and recruit Boardwalk Alumni. To strengthen retention of volunteer placement, a priority is placed on matching Boardwalk Alumni with organizations whose missions align with the alumni's lived-experiences and personal passions. This year, 30 alumni attended-

ENGAGING OUR COMMUNITY'S VOICE

The Law Enforcement and Leaders of Color Collaboration (LELCC) co-led by United Way and NAACP Dane County is made up of leaders of Dane County law enforcement agencies, organizations representing communities of color and individuals recognized as leaders within communities of color in Dane County. In 2024, this group held quarterly meetings to strengthen the lines of communication between law enforcement and communities of color.

The Community Engagement & Inclusion Committee (CEIC) aims to strengthen and amplify the voices and perspectives of under-represented community members to ultimately inform solutions to challenges identified within United Way's Plan for Community Well-Being. In 2024, this group shared feedback and perspectives with United Way staff to inform various initiatives, including our housing strategies, transformational grantmaking process, public policy agenda and more.

Micro-Investment Grants provide funding to small, grassroots organizations with innovative ideas and high trust in our BIPOC (Black, Indigenous, Latinx, Southeast Asian or individuals and/or families of color) communities. In 2024, we awarded a total of \$25,000 to four grassroots organizations working on projects promoting engagement, healing and connection for residents of the Harmony at Grandview Commons Apartments.

“The LELCC's unwavering commitment to fostering a strong bond between law enforcement and our diverse community has yielded remarkable results. By prioritizing collaboration, communication and cooperation, we have created a remarkable blueprint for other communities to follow. This partnership serves as a shining example of how a successful relationship can be built upon shared values and a deep understanding of our underrepresented communities. Together, we will continue to work tirelessly to maintain peace, promote justice and ensure the safety of every member of our community.”

- Sheriff Calvin D. Barrett,
Dane County Sheriff's Office

By Youth For Youth (BYFY) is a unique volunteer opportunity for Dane County high school youth to be impactful leaders in our community. BYFY members identify critical issues impacting local youth, establish funding priorities, review grant proposals and recommend funding from County, United Way of Dane County and City Grants to support projects developed and implemented by youth to serve youth.

In 2024, BYFY members awarded \$25,630 to 11 projects focused on poverty, food insecurity and homelessness, sexual violence, immigration, climate change and health. This program was also awarded the 2024 Outstanding Youth in Philanthropy award from the Association of Fundraising Professionals of Greater Madison! Additionally, eight BYFY members spent the summer reviewing proposals, ultimately selecting an additional eight projects focused on climate change to receive \$5,000 grants.

AFL-CIO Community Services Program. United Way of Dane County and the South Central Federation of Labor, AFL-CIO have mutually benefited from our more than 60-year partnership. Providing worker voice through Labor representation on every United Way volunteer committee, supporting dislocated workers with resources, hosting drives/collections and enhancing income strategies for the Plan for Community Well-Being are just a few ways Labor, through United Way, makes our community a place where all can thrive.

Union volunteers sort donations from LaborFest for the Madison Metropolitan School District Transition Education Program.

UNITED WAY OF DANE COUNTY FOUNDATION

Our United Way of Dane County Foundation exists to advance the mission of United Way while extending community members' legacies of local, effective philanthropy.

Since 1993, the Foundation has distributed more than \$12 million to advance United Way's mission and create a base of support for the Dane County community. The 2024 annual distribution approved by the Foundation Board of Trustees was \$1.12 million to advance United Way's work.

AFFORDABLE HOUSING FUND COMMITTEE

The United Way Affordable Housing Fund Committee is a volunteer committee of the Foundation that secures donations and invests them in housing stability for local families. In 2024, the committee focused on gifts to replenish the fund, exceeding a match target of \$75,000 put forth by the Foundation Board of Trustees and an additional gift from Don and Cathy Bernards. 17 donors contributed a total of \$172,912 to be loaned for increasing affordable housing for families.

“Our family supports United Way because of their unwavering commitment to creating lasting change in our communities. It's not just about giving today; it's about building a foundation of support that will uplift our community for years to come. Through United Way, we are proud to be part of a movement that empowers individuals, strengthens families and creates a brighter future for all.”

- Meg Prestigiacomo
United Way Foundation Trustee

LEADERSHIP GIVING: DONOR NETWORKS

TOCQUEVILLE SOCIETY

Inspired Individuals, Transformed Communities

Since 1990, Tocqueville Society members – who give an annual gift of \$10,000 or more – have played a pivotal role in addressing our community's most urgent needs and tackling issues at the root causes. This committed group of leaders has grown from six families in 1990 to more than 275 in 2024! Together, their contributions account for more than 25% of the money raised at United Way each year.

In 2024, we welcomed more than 40 new households and raised a total of \$4.9 million.

"Tocqueville membership is a great way to join with others to make a positive impact in our community. It's a way to amplify the power of your gift, while also meeting some incredible people who share an interest in addressing the root causes of some of the toughest problems we face today."

- CHERYL DEMARS

Retired CEO, The Alliance; 2024 Tocqueville Society Chair

LEAD UNITED

Accelerate Change, Together.

Members of Lead United generously make an annual gift of \$1,000 or more, empowering United Way to tackle Dane County's toughest issues. In 2024, Lead United grew to 1,316 households, raising \$2.37 million. 49 of those members are enrolled in our Lead United Step-Up Program – committing to growing their annual gift from \$500 to \$1,000 over three years – thanks to matching funds generously provided by our partners at Strang, Dave Jones Plumbing and Heating, Vogel Bros. Building Co., Madison Gas and Electric and J.H. Findorff & Son, Inc.

"Our family is fortunate to live in a community with a diverse group of talented, caring and generous individuals. For over 100 years, United Way has been an organization to gather those individuals and their talents to convene to the common good of solving our communities' most pressing problems. I'm grateful for the opportunity to serve on the Lead United Council and to collaborate closely with my friends and neighbors to help make our community a welcome home."

- MATT STADELMAN

J.H. Findorff & Son Inc.; 2024 Lead United Chair

WOMEN UNITED

Investing in Women's Financial Security

In 2024, Women United celebrated 20 years! And we had an incredible year of progress and impact. We've shifted our focus to advancing women's financial security, recognizing that when women are empowered and supported, the children in their lives are better positioned to succeed academically and emotionally.

Nearly 400 attendees gathered for our annual Women United Brunch to celebrate Dr. Gloria Ladson-Billings – and we collectively raised nearly \$100,000 to support the Plan for Community Well-Being. Together with our 1,300+ members, we are building a future where women and the communities they strengthen can thrive.

"2024 was a great year for Women United! I can confidently say we moved the needle on our goal to help all Dane County women achieve financial security and independence."

More women than ever participated in our personal and professional development and volunteer events, and we successfully launched a program to bring together participants in Dane County workplace women's ERGs (employee resource groups) to share best practices and successes."

- ALLISON COOLEY

2024 Women United Chair

Tocqueville Society Members gather at the Tocqueville Society Dinner, October 8, 2024.

THE POWER OF CARING: VOLUNTEER NETWORKS

LINC

Lead. Impact. Network. Change.

LINC focuses on learning about our community and personally making a difference through volunteering – introducing a new generation of philanthropists to United Way! In 2024, LINC welcomed 352 volunteers to our events, including trivia, our mini golf scramble, the Back 2 School Bash backpack packing party, LINCtoberfest dodgeball tournament and the very popular Blankets & Brews. These volunteers assembled 420 snack packs, 250 backpacks for students through a collaboration with The Road Home Dane County, 105 blankets for kids in the NICU with Project Linus and collected many much-needed resources through supply drives. LINC also raised more than \$3,800 to directly benefit our neighbors through the Plan for Community Well-Being.

"LINC has provided me with so many opportunities to make connections, get involved in the community and strengthen my leadership skills. It's incredibly fulfilling to see how the work we are doing is having a direct impact locally."

- BRADY KAYS

Johnson Financial Group; LINC Volunteer

READI

Retired Employees Are Dedicated Individuals

READI aims to enrich the quality of life in our community, provide retirees the opportunity to get involved and build community through group projects. In 2024, nearly 90 READI volunteers devoted more than 2,940 hours to dozens of projects such as bundling diapers at Babies and Beyond, packaging meals at The River Food Pantry, preparing race packets for IRONMAN Wisconsin participants and staffing community events such as golf outings with American Red Cross and WayForward Resources.

"I'm involved with READI to stay in contact with former employees. We make new friendships, and it's a great way to give back to our surrounding communities."

- PETER MOREHOUSE

READI Vice Chair

BUSINESS VOLUNTEER NETWORK (BVN)

BVN leads workplace volunteering by providing education, resources and networks to further their companies' volunteer programs. BVN members strive to find the best volunteer opportunity to match employees' interests and passions – by participating in the volunteer projects that are offered to our BVN partner companies.

In 2024, 42 BVN companies hosted onsite volunteer engagements with United Way. These volunteer engagements produced 31,800 ImPacks for the community, with a total economic impact of \$113,837!

"United Way has given me opportunities to grow professionally in addition to feeling more connected to the community. By being a part of BVN, I've had the opportunity to meet other professionals while also learning about the needs in the community. In addition, our group does meaningful work that has a lasting impact for those in need."

- KATRINA DUNLAVY

SSM Health; 2024 BVN Vice Chair

LINC volunteers make a difference at the Back 2 School Bash backpack packing party.
