

Join Us to Transform Our Community

United Way of Dane County mobilizes the caring power of our community so all can thrive. From advancing health and education to strengthening livelihoods and local resilience, we connect people to possibility.

In Dane County, struggle doesn't always look the way you'd expect. It's a teenager quietly coping. An older adult looking for resources. A family falling further behind. Struggle isn't always visible, but it's here. And so is the work to address it.

United Way brings people together and rallies resources to help with our community's greatest needs. Through our network of caring connections, we solve big-picture issues no one person or organization can address alone. No matter the challenge, United Way's comprehensive approach and community roots mean we can find a way forward. And with our Plan for Community Well-Being and your support, we'll achieve measurable outcomes and bring life-changing solutions to our neighbors in the four areas of youth opportunity, financial security, healthy community and community resiliency.

Please consider increasing your corporate gift this year and know that you're making a great investment. In fact, when your donated dollar goes through us, hundreds of volunteers are enabled to find six more dollars through a network of caring connection. And through that network, we're addressing big-picture issues no one person or organization can solve alone.

Thank you for being a part of The Power of Caring. Working for All. Learn more about what we can accomplish, together, by visiting www.unitedwaydanecounty.org.

United Way of Dane County is proud to be recognized for our commitment to best practices and transparency.
