Join Our Mission

Achievement Connections is an AmeriCorps program that creates five dedicated math tutoring centers at local high schools. Supervised by school staff and supported by a team of AmeriCorps members and volunteers, these tutoring centers provide one-on-one support to a diverse set of students struggling in Algebra 1 and Geometry. Together with our partners, we aim to help students graduate at the same rate regardless of their race or socioeconomic status, and in doing so, help close opportunity gaps to make Dane County a better place to live.

Achievement Connections is supported by partners across the Dane County community. We are led by the United Way of Dane County, the Madison Metropolitan School District, the Middleton-Cross Plains Area School District, and the Morgridge Center for Public Service at UW-Madison.

The Campus Volunteer Coordinator is an AmeriCorps member whose primary role is to recruit volunteers from UW-Madison campus to serve as math tutors at the high schools. The Campus Volunteer Coordinator is based on the UW-Madison campus in the historic Red Gym and works as part of the Morgridge Center for Public Service team. This highly independent position focuses on recruiting volunteers through collaborations with professors, advising staff, and other campus and student organizations. This AmeriCorps member supports other components of Achievement Connections and the Morgridge Center for Public Service including volunteer orientation, event planning, and campus outreach.

Our Values
