Join Our Mission

Achievement Connections is an AmeriCorps program that creates five dedicated math tutoring centers at local high schools. Supervised by school staff and supported by a team of AmeriCorps members and volunteers, these tutoring centers provide one-on-one support to a diverse set of students struggling in Algebra 1 and Geometry. Together with our partners, we aim to help students graduate at the same rate regardless of their race or socioeconomic status, and in doing so, help close opportunity gaps to make Dane County a better place to live.

Achievement Connections is supported by partners across the Dane County community. We are led by the United Way of Dane County, the Madison Metropolitan School District, the Middleton-Cross Plains Area School District, and the Morgridge Center for Public Service at UW-Madison.

The Math Tutor is an AmeriCorps member who provides relationship-based, individualized, one-on-one support to students struggling in Algebra or Geometry. Located at one of our five schools and supervised by MMSD staff, this collaborative, team-based position serves students during the school day and immediately after, working with students for at least a semester if not a full year.

Our Values

Equity

- We speak openly about the opportunity gaps in our community.
- We provide opportunities and spaces for dedicated community members to learn about and act against inequities where they live.

Growth and Learning

- We educate ourselves to become more effective, engaged members of society.
- We are committed to learning and exploring our potential, as we are all works in progress.
- We cultivate a growth-centered environment where we reflect thoughtfully on our experiences.

Connectedness

- We root ourselves in the Dane County community and strive to understand the context of those we serve and partner with.
- We create an environment of well-being by showing up for each other.
- We bring people from all walks of life together around common purposes.

AmeriCorps Math Tutor Position Responsibilities:

- Support diverse students in a fun and professional manner that encourages their attendance, engagement, and long-term investment in their math learning.
- Employ best practices to work with youth from diverse racial/cultural populations.
- Support students' success in their math course, helping with homework and test preparation.
- Develop individualized foundational skills worksheets to use on a regular basis.
- Coach students in organizational and academic skills to promote independent learning.
- Track and evaluate student progress through session logs and check-ins.
- Work closely with teachers to ensure that tutoring services align with classroom curriculum, including attending classes as an observer.
- Participate in content creation for program materials and volunteer resources as needed.
- Complete all required paperwork and reports in a timely and complete manner.
- Attend and complete all AmeriCorps training and service requirements including orientation, training, team meetings, and National Service days.
- Wear approved AmeriCorps gear while performing AmeriCorps service activities or attending official events.

Minimum Qualifications:

- 18 years of age or older at beginning of service term.
- U.S. citizen, national or lawful permanent resident.
- High School Diploma or Equivalent.
- College degree or have plans to complete in the near future.
- Outgoing and enjoy working with adults and youth.
- Able to successfully pass a criminal history background check.
- Regular and reliable attendance.

Preferred Qualifications:

- Experience in math, education, youth development, or related field.
- Comfortable and proficient in math, in particular Algebra 1 and Geometry.
- Demonstrated understanding of the educational and developmental needs of high school youth.
- Strong time management skills and the ability to balance multiple tasks.
- Ability to work both independently and as part of a team.
- Strong interpersonal communication skills.
- Strong commitment to working with youth and families from diverse racial/cultural populations.
- Computer proficiency including Microsoft Excel, Microsoft Word, and Internet navigation.
- Somewhat flexible schedule including some evening and weekend hours.

To Apply:

Please submit a resume and cover letter to Steve Blankenheim, Co-Director, Achievement Connections at United Way of Dane County via email at achievementconnections@uwdc.org. Applications will be reviewed on a rolling basis until all slots are filled. This program is available to all, without regard to race, color, national origin, disability, age, sex, political affiliation, or, in most instances, religion.
