KAREN TIMBERLAKE RECEIVES WOMEN UNITED PHILANTHROPY AWARD

Madison, WI (September 19, 2022) – Karen Timberlake, Secretary-Designee at the Wisconsin Department of Health Services, was honored with the Women United Philanthropy Award at United Way’s Women United Brunch, which took place on Friday, September 16. Each year, this prestigious award celebrates and acknowledges a woman who is committed to helping make our community a better place to live, for all. The award also honors a woman’s achievements in educating, empowering and inspiring women and children to be philanthropic leaders in Dane County.

Karen joined the United Way Healthy for Life Community Solutions Team in 2011 and followed up with even more volunteer commitments to our Vision Council, our Board of Directors and our Public Policy Committee – all while maintaining a family, a career and a position on the board of a Wisconsin healthcare system. But, regardless of her incredible commitment to this community, she remains humble, noting that it takes each and every one of us to create the change we wish to see.

“Contributions that I have made to the work of United Way and the broader Dane County or state community have been the direct result of the opportunities afforded to me and the people I’ve been fortunate to partner with over the years,” she shares. “The credit for this honor goes to the talented staff at United Way of Dane County, the dedicated leaders on their board, the nonprofit and local government partners with whom we work, and the people who call Dane County home – a great many of whom are doing quiet, unsung good works every single day to make this a community that works better for more people.”

“Karen’s passion, effectiveness and long-standing dedication to health and doing things better has made a lasting impact on our community,” says Renee Moe, President & CEO of United Way of Dane County. “For more than a decade, she’s volunteered her wealth of knowledge and experience, helping us make sure that more local families have what they need to lead healthy, thriving lives. We’re beyond grateful to her for uplifting not only the work we do at United Way, but the good being done across our community!”

As the tenth recipient of this award, Karen joins nine other amazing honorees:
