Now that you have accessed the Agency site, it is time to login.

Your information should already be loaded into the system, even though you have not yet logged in. Currently, the default agency username is the email address of the agency’s primary contact (Executive Director).

Step 1: Enter your username in the Sign-In section of your Agency Site home page. Add your password if you have already created one. If this is your first time logging in, you will create your own password using the “Forgot Password” function (see below).

Forgot Password

Step 2: Create your own password by clicking ‘Forgot your password?’ on the agency login page.

Step 2: Enter your username

Step 3: Select ‘Auto-Generate my Password’
Step 4: Check your email, return to the login page and proceed to login. If you do not see the email in your inbox, be sure to check the ‘junk’ folder. If the email is not in either, please contact Impact@uwdc.org.

Do not share your password with others in your organization. You can create separate accounts for other staff who will be working in this e-Clmpact platform. Instructions are provided in the “Agency Contacts” section of the e-Clmpact Training Manual that can be found in the Resource Center on your home page.
